Profile

I am a dynamic and detail-oriented Front End Web Developer with a robust skill set in **HTML**, **CSS**, **Bootstrap**, **Tailwind**, **JavaScript**, and **React**. Proficient in creating visually appealing and user-friendly interfaces, leveraging expertise in UI/UX design using **Figma** and **Photoshop**. Possessing hands-on experience with back-end technologies, including **Laravel**, and adept at integrating **web APIs** and managing databases with **MySQL**. Strong collaborative skills demonstrated through effective use of **GitHub** for version control and project management. Committed to delivering high-quality, responsive web applications that enhance user experience and drive engagement.
